

BUSINESS MAILER SUPPORT

September 3, 2008

Mr. Scott Stephens
Chief Operating Officer DATAMATX, Inc
3146 Northeast Expressway
Atlanta GA 30341-5345

Dear Mr. Stephens:

Congratulations on your Mail Preparation Total Quality Management (MPTQM) certification. This certification is comparable to International Organization for Standardization (ISO) compliance, but tailored to a business mail production system and offers a comprehensive approach to ensure the output of consistent, high quality mail.

Your firm can now be listed with the other MPTQM certified mailers on the Postal Service web site. Your certification plaque is being sent today to the Atlanta GA District Manager for presentation.

The Business Mail Entry Unit will begin to maintain a quality folder for your company. This folder will include information concerning acceptance issues, operations feedback, communication, safety, etc. The above items will be discussed and resolved during periodic meetings to promote continuous improvement in your quality program.

Please complete the MPTQM Mailer Feedback Form that has been emailed to you so that we may continue to improve the program.

Thank you for your leadership in promoting quality in your company.

Sincerely,

A handwritten signature in cursive script that reads "Karen Zachok".
